

PMT CHECKLIST

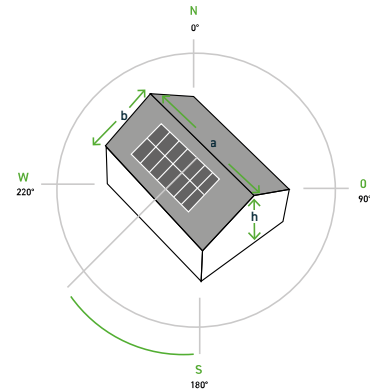

PROJECT DATA COLLECTION FOR PMT SHORT RAIL

PROJECT / CUSTOMER DATA

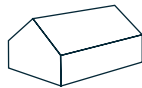

Project Name	_____	Contact person	_____
Project Number	_____	Street, house number	_____
Project Link	_____	Postal code	_____
Company	_____	City	_____

BUILDING DATA

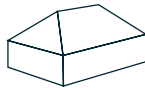

Roof designation	_____
Roof pitch [°]	_____
Building length (a)	_____ mm
Building width (b)	_____ mm
Building height (h)	_____ mm
Orientation [°]	_____

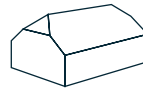

Roof type

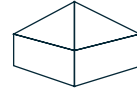

Gable roof

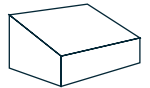

Hip roof

Half-hip roof

Pyramid roof

Mono-pitch roof

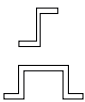

Free roof shape (please attach drawing with dimensions)

Attica height [mm]	_____
Attica width [mm]	_____
Additional information	_____

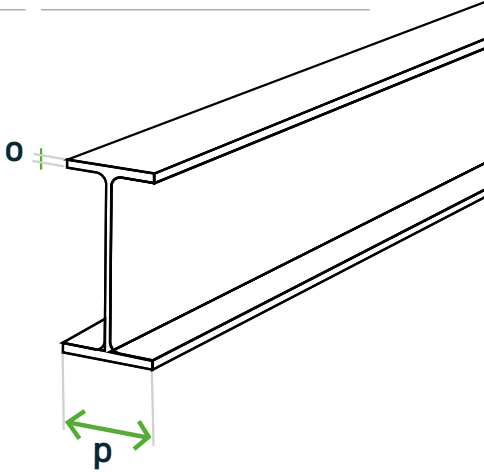

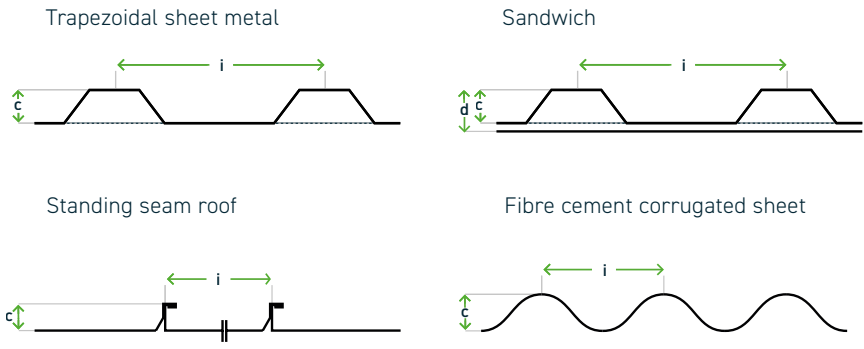

PV-MODULE

Manufacturer	_____	Length [mm]	_____
Name	_____	Width [mm]	_____
Weight (kg)	_____	Thickness [mm]	_____
Power (Wp)	_____	Quantity	_____
Total power (kWp)	_____	Module data sheet attached	_____
Orientation	_____	Clamping	_____

ROOF COVERING

Purlin material		Purlin type	 
Rib / Corrugation height (c)	mm	Purlin width (p)	mm
Roof covering material		Purlin height (o)	mm
Rib / Corrugation / Standing seam spacing (i)	mm	Purlin spacing	mm
Sheet thickness	mm	Distance from the first rafter to the verge/eaves	
Sandwich panel thickness (d)	mm		
Attachment			

Roof covering:

ACCESSORIES - PMT SHORT RAIL

Equipotential bonding	Cable clips	Connector clips ¹
Black module clamps		

¹ Required quantities shall be determined on a project-specific basis by the customer.

OTHER INFORMATION / DECLARATION OF ACCURACY

Warning:

If no information is provided regarding the static compressive strength of the roof covering and insulation, as well as the permissible additional load of the building structure, Premium Mounting Technologies GmbH & Co. KG cannot accept liability in the event of damage.

I hereby confirm the accuracy of the information provided.
